

INTRODUÇÃO À ENGENHARIA DE REABILITAÇÃO

A presente lista de referências bibliográfica (aproximadamente 100) representa uma significativa parte da literatura que serviu de suporte aos textos publicados em:

<http://www.engenhariadereabilitacao.net/estudos/index.php>

Ainda não tivemos a oportunidade de rever com maior rigor o formato destas referências, mas cremos que na maioria dos casos possuem elementos suficientes para serem localizados e consultados. Algumas referências omissas serão incluídas em breve.
